ANOTHER RIOT IN CHANGTE.

A ROMAN CĂTHOLIC CHURCH BURNT. A Roman Catholic Church in Changte, in Hunan, is reported to have been burnt to the ground by some ricters, fortunately with no loss of life. It appears that a native lad pelted a stone at the church gate, and a native convert of that church on "police" duty severely chastised him. This caused the neighbours to take umbrage, which resulted in a general uproar, followed by riot throughout the district Several rioters are reported to have been arrested by the local officials. - China Gazette.

PAKHOI AND THE WEST RIVER ROUTE.

INTERESTING CONSULAR REPORT

BMUGGLING OF NATIVE OPIUM. Mr. E. L. B. Allen, the Consul at Pakhoi. writes an exceptionally interesting report on the trade of that port for the year 1896, from which we make the following extracts:

INDIAN COMON YARN. Indian cotton yarn, still easy in its supre many among our imports, shows a falling-off of over £17,000, which taken together with the fact that in 1895 it showed a shrinkers of £15,000, seems to bear out local information Stoneoutter's Island the men will be drawn up | that a considerable part of the Yunnan supply on east pier and then murch into camp headed of this staple has been diverted from the Pakhoi

note a few facts as to the native drug-inwhich a huge smuggling trade is done. Enquiries made at the end of 1889 led Mr Morse, then Commissioner of Castoms, to the belief that about the same quantity of the native drug as of foreign opium was then regularly used in this Profecture. Now the import of the Indian article in that year and the preceding one averaged 140,000 lbs. The total of both kinds, therefore, would have amounted. ont his showing, to 280,000 lbs; Pakhoi now imnorta little over 18,000 lbs. of the Indian drug. In the Daily News money article it is reported | It is scarcely to be supposed that the dauntless band of smokers who wrecked the opium boiling upper waters of the Lieuchou River. tax office in 1889—as related in that year's report-have reformed their ways and diminished must consist of the native drug. Indeed, I am informed that an estimate of

and India. A reply to be given before the end Prefecture, would be under the mark. Of this it appears that some 14,000 lbs. were declared here and paid liten last year, in contrast to some of £770,000. In other words, smuggling has been somewhat diminished; although according to the above calculation, the quantity of the smuggled drug is still 27 times that of the declared. The diminution was the result of a reduction of the local duties on this drug from some 10 per cent of its value on arrival to some 3 per cent The picul of Yünnan opium, worth some £54 now pays at Pakhoi a total duty of £1 13s. 3d Indian drug can hardly have been contemplated in the framing of the Additional Article of the
